

NEW CITY MANAGER MEETS COMMISSION

Plan For Insuring Lives Of City Employees Is Considered

City Manager Gladding, for the first time, met with the city commission yesterday night. Mr. Gladding's contract at \$1,500 a year had been drawn up and signed and was approved and put on record.

The insurance of city employees was discussed and Mr. Gladding was authorized to draw up a plan for insurance of the city employees. The Economic Life Insurance company put in a bid to insure the lives of 31 city employees charging \$1.15 per month for each employee. No age limit is set but the maximum rate is that charged to a man 18 years old. A premium of insurance not to exceed \$60,000 would be about \$60 per annum.

It was suggested that any employee in case of injury for six months or less should be insured for \$500 and that \$1,000 be the maximum for six months. The report on this proposition will be submitted by the city manager next week.

The position of the Escalante lands was not packing his car on South Avenue street was given to Commissioner Gladding. The matter was referred to the city manager.

Another plan was inaugurated whereby the policemen are to be given a one day vacation out of every nine. This was considered appropriate since the job of the policemen

At Theaters Today

DR. THEATER—“Everwoman” by an actress all-star cast, is giving a tremendous drawing card at the “W” and is being repeated today. The management instead of the “Current Events” meet, will show a comedy, “Spoon River.”

DEAL THEATER—H. E. Burns is in the house in “A Dangerous Gentleman,” also “Shots & Guts!” The “Lone Man,” entitled “The Dungeon of Despair,” and a comedy, “Brown Eyes and Bank Notes,” with Lois Nelson.

LYRIC THEATER—Taylar Holmes, a popular film hero, will star in Burlesque comedy, or entertainment. “Nothing But the Truth” is a new “Bromogram” Weekly News picture.

PASTIME THEATER—The grand “Theatre Park” will be open in Abiquiu tomorrow, starring in “La Belle House,” a stage drama by David Belasco; also a comedy, with a funny woman, entitled “Farmette.”

Recent news on the Pastime Trail: 12 hours every day.

It was reported that an adequate water supply for the coming summer season has become imperative. Several methods are now under discussion and an investigation will be made by the city engineer.

The soldiers and sailors march on Thoreau streets will be equipped by Mrs. Nordquist, providing the old takes measures to prevent children over six years old from playing there. Mr. Nordquist also requires that entrances to the park from central avenue be closed by a wire fence of some other material. No definite decision was made regarding the matter.

The Arctic fox is brown in summer and white in winter.

THE FIRST EXPERIENCE

Youth with its vitality makes for the young mothers' health and happiness. But later maternal experiences bring a different result. The care of a family, multiplied household duties, and very often the weakness caused by womanly disease, tend to prolong the suffering and to make convalescence a slow and weary process.

Dr. Pierce's Favorite Prescription prepares the prospective mother. It promotes the appetite, cures nervousness and sleeplessness, and gives a consciousness of buoyant health. It is unequalled as a strength-giving tonic for mothers during the period of convalescence. Listen to what this woman says:

CLOUDUROFT, N. Mex.—“After my first girl arrived I was in bed for over six weeks. The doctor told me I would have to be operated on before I ever could recover. A neighbor woman advised my using Dr. Pierce's Favorite Prescription, and also the ‘Lotion Tablets’ for local treatment. I took two bottles of the ‘Prescription,’ and used one box each of Dr. Pierce's Lotion Tablets and Dr. Pierce's Heating Suppositories, and was out of bed in about 14 days, and could do my work in about 10 days more. I have been using Dr. Pierce's medicines in our large family all these years with the best of results.

“I will gladly recommend the medicines manufactured by Doctor Pierce to any one needing medicines for any of the ailments for which they are recommended.” —**Mrs. E. D. WINONA.**

“Favorite Prescription” makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. All druggists, fluid or tablet form.

GLASS OF WATER AFTER ASPIRIN

Bayer Company, who introduced Aspirin in 1890, give proper directions.

The Bayer Company, who introduced Aspirin, tell in their careful directions, under the heading, “Bayer Tablets of Aspirin” to get best results one or two glasses of water should be drunk after taking tablets.

“Bayer Tablets of Aspirin” to be genuine must be marked with the words, “Bayer Cross.” Then you are getting the genuine article, as the tablets are composed of pharmaceutical grade of aspirin for over eighteen years.

Each individual “Bayer” package contains proper directions for colds, rheumatism, toothache, bronchitis, rheumatism, neuralgia, lumbago, rheumatism, neuralgia and pain generally.

Handy little boxes of twelve tablets cost but a few cents, suggesting also the use of the “Bayer” Aspirin in the trade mark of Bayer Manufacture of Monopolie-Baden-Baden, Germany.

Who's Here

TODAY'S ARRIVALS AT LOCAL HOTELS

COMBS.
Mrs. H. Weller, San Rafael.
J. J. Keller, Phoenix.
H. C. Crocker, Denver.
T. J. Powers, Los Angeles.
Mrs. J. J. Johnson, Española, N.M.
W. G. Durfee, Tulsa.
Lester A. Jones, Aransas, N. M.
J. M. Davis, Santa Fe.
R. L. Hubbard, Indianapolis.
C. S. Cox, Cheyenne, Okla.
W. Clegg, Golden.

D. W. Wofford, El Paso.
F. J. Phillips, Spokane.
G. T. Montfort, Los Angeles.
A. B. Jones, New York.
W. S. Trousdale, Santa Fe.
Mrs. B. G. Jones, Chicago.
Capt. H. M. Shaw, Ft. Bliss.
F. H. Johnson, Grand Rapids.

TWO DISTINGUISHED SCIENTISTS COMING

Will Deliver Lectures At The University Next Week

Two distinguished scientists have been engaged for lectures at the university next week. Dr. David T. McDougall, of the Carnegie Institute at Washington, D. C., and Dr. Andrew D. Douglas, of the University of Arizona.

Dr. McDougall, B. S., A. M., M. S. and Ph.D., director of the department of mechanical research in the Carnegie Institute. He is also director of the desert laboratory conducted by the Carnegie Foundation at Tucson, Ariz. He will speak at 11 o'clock next Friday morning in Rader Hall.

Dr. Douglas, A. M., D. Sc., is professor of physics and astronomer at the University of California. He will give an illustrated lecture on Friday night on the big trees and their study of climate. These lectures are open to the public.

In the afternoon the two men will meet with the local chapter of the American Association for the Advancement of Science to discuss the organization of a southwestern academy of science.

**Aviators Promise
Real Thrills For
The City Tomorrow**

The thrills and dangers of modern warfare are going to be brought home to us all in measure when two army planes, veterans of many far-off campaigns, begin to wage war on posted boxes and wooden barrels tomorrow afternoon.

Captain J. E. Clegg, of the aviation corps, arrived here today from Fort Riley and reports that the Albuquerque public will get a real taste of target practice from the clouds overshadowing University Heights.

Several boxes have been placed on the elevation of the aviation field and machine guns will keep up a constant rattle against the unimaginable. The first will be an exciting one, starting from the field. The machine will start to roar when the plane makes a nose dive. A righting turn will be a signal for the observer in the rear to start his guns and in not twenty minutes a torrent of steel will descend upon the point of the site. About 2000 rounds of ammunition will be expended in the course of this time. The guns will be leveled away from the crowd and no danger will be incurred by the spectators.

Four aviators will contribute to make the exhibition a good one and with their two planes are two of the four members of the surveillance group which saw so much action in France. These aviators have full war equipment including bombs but nothing will not be in the program of this unit.

While flying exhibitions in the southwestern part of the state the Curtis-Humphreys three seater plane was damaged in Carlsbad. This machine, which was scheduled to give flights and take up passengers during the automobile show, will not arrive in Albuquerque until sometime next week.

Officers of Hensel and Sparks, New Mexico, voted directions for colds, rheumatism, toothache, bronchitis, neuralgia, lumbago, rheumatism, neuralgia and pain generally.

Each individual “Bayer” package contains proper directions for colds, rheumatism, toothache, bronchitis, neuralgia, lumbago, rheumatism, neuralgia and pain generally.

Handy little boxes of twelve tablets cost but a few cents, suggesting also the use of the “Bayer” Aspirin in the trade mark of Bayer Manufacture of Monopolie-Baden-Baden, Germany.

“Bayer Tablets of Aspirin” to be genuine must be marked with the words, “Bayer Cross.” Then you are getting the genuine article, as the tablets are composed of pharmaceutical grade of aspirin for over eighteen years.
